   • Website is out of date and has not been updated since Fall 2017.

   • Meeting Archive needs to be updated with Agendas, Minutes and Applicable documentation to the discussion.
   • Student Listening Session notes and summary needs to be added to the website.
   • Under Accomplishments it can be switched to one sentence expressing the increase from 2013 to 2016.
   • OUTREACH listserv sign-up should have a link.
   • We discussed updates to the members list for folks that were comfortable being identified. Do we want to do this in the form of a call to be included on the website?
